

A note from Dr. Stein...

We have had a wonderful week! This year is one where our students are studying Titus 2:8 "In everything set them an example by doing what is good. In your teaching show integrity, seriousness and soundness of speech that cannot be condemned, so that those who oppose you may be ashamed because they have nothing bad to say about us." We look for ways to live this verse.

Integrity: I love this word! This is a concept that means that each child understands his or her responsibility to follow the rules and constitution put before them. This especially applies to the classroom in instances where I am trying to do many things at once. Each student understands his/her part in the day; academically, spiritually, socially, and physically. As the understanding and compliance with integrity increases, we become more successful in our goals!

Seriousness: it can be difficult to be serious as a child. SAS teaches the children that there is a season for everything. And while silliness also has a season, seriousness is how we approach our studies, our respect for God, and our approach to obedience.

Soundness of Speech: it is essential to say what we mean, and be careful how we communicate. At SAS we are learning the value of information sharing, but a big part of this process is being sure to check our facts before we share them. Understanding the difference between opinion and fact is crucial. We pray that God continues to bless our learning and that His name is glorified in all that we do!

Our 3rd week of school!!

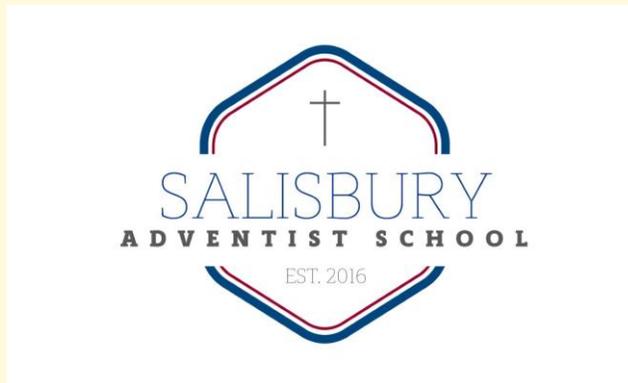

We have had a wonderful week of school so far! The students have been learning and having fun! Pet care is always a coveted chore and it is exciting when Hot Rod, the snake, gets to come out of his cage and be held. In P.E. we have been blessed to have Mrs. Sherry volunteer twice a week and she teaches the kids new games like 'Over, Under, Around and Through' & she also taught them a caterpillar game with hula hoops that required team work!

One afternoon a few of the students were able to go to Rowan Hospital and visit with a church member that was there. They sang her a song and brought her gifts and balloons to cheer her up!

The students did a wonderful job with their *Geography* projects! Come and take a look at them on the table in the foyer!
