STUDENT OF THE WEEK

A NOTE FROM DR. STEIN

Has it really been another week? Honestly, as we head into holiday season, it seems like someone has pushed the 'fast-forward' button! Remember that button? As a child I remember playing my favorite 'tape' on the VCR, and when I would get to the part of the movie that didn't have music (musicals were my favorite) I would just push that button! As an adult, though, it seems that the reverse is true. I do not wish to speed up this feeling of holiday anticipation. I wish life would just slow down.

Doesn't it fascinate you to think of our time here on this earth in these terms? What we go through; all of our aches, pains, sorrows, and conflicts, are all just a split second of what is to come! An eternity may be difficult for our human minds to comprehend, but a second is not! And all we are going through is even smaller than a second of the human, earthly life, when thinking in eternity terms. What a mighty God we serve! I can't wait for Him to come and get us!

Projects this week for lower graders were on the customary holidays for America. We had a chance to hear about Christmas, Easter, Kwanzaa, and Thanksgiving. Projects for the upper graders were on Ancient Italy; it's history and influential people, with a special influence on literacy and writers. It helps us to remember how wonderful life has become, living in a free and democratic society.

Also, keep in mind that our Fun Pasta fundraiser is still happening. We have a few weeks left on that too! www.funpastafundraising.com/salisbury-adventist-school Help us reach our goal!
