A NOTE FROM DR. STEIN

How was everyone's Holiday? We (Here at school) enjoyed our time off. Some families travelled, some families stayed home, and a fun time was had by all! We have returned to school with earnest hearts (mostly) and happy minds. It is nice to take time to relax, recuperate, and rest. It is also nice to return to a schedule and feel the challenge of work stretching our minds yet again.

Lower graders finished their 2nd quarter's study of the body and its systems. They had their Quarter 2 Test, and are ready to begin a new unit. Upper graders jumped into their lessons about bones under the microscope, and muscle reactions.

Social Studies for lower graders have been studying the differences between life in the colonial time and life now. We compared and contrasted daily life. We also learned about different types of maps, and how they benefit us. Social Studies for upper grades began their study of Early Greece and Persia and the complexities in their civilization development.

We are looking forward to the Valentine's Banquet coming up the Sunday after the holiday! This will be a fun event for everyone, but especially couples. It will be a catered dinner, with entertainment. Please put this event on your calendars and plan on attending. It is a planned fundraising event for the school and we are praying for good participation! Tell your friends and neighbors! Come celebrate Valentine's Day with dinner and a show!

We pray each day that we can continue in our pursuit of Christ-like-behavior! Sometimes I'm so saddened by the thought that we are His representatives, since we are such weak humans. Please keep our students (and staff) in your prayers. We need the influence of the Holy Spirit even more as we get closer to the end of time. Soon enough, God will come back and get us!
